

You're invited

LOTSA Lambs - Improving reproductive success Producer Demonstration Site - Workshop 2

WHAT	Workshop: Implementing eID on-farm and improving reproductive success
WHEN	Thursday 23 February 09.00am - 12.00pm Morning tea and lunch provided
WHERE	Caleb Girdham's farm - 628 Girdham Road, Melrose SA

MLA's PDS program supports producers to adapt, validate and demonstrate the business value of integrating new management practices/skills into their local farming systems.

Overview of the Producer Demonstration Site

Upper North Farming Systems has partnered with MLA to demonstrate the adoption of best practice management strategies can improve reproductive performance of sheep flocks in the Upper North of South Australia. The project will focus on adopting pregnancy scanning for multiples and early/late, selective management of pregnant ewes in containment, smaller mob size at lambing and genetic selection.

What's on the agenda?

Nathan Scott – Achieve AG Solutions, eID – What's in it for me?

The what, how, and why (or why not) of applying it practically on your farm, including topics such as:

- How the technology works
- Equipment options
- What data to collect
- Understanding the implications of applying selection pressure
- How to collect data and tips on managing data.

Deb Scammell – Talking Livestock – Improving reproductive success

- Pregnancy requirements and this season's feed
- The fit of containment this year
- Containment costs \$\$ - data on the benefits and feed on offer

*** FREE FEED TEST AVAILABLE FOR ALL PARTICIPANTS ***

STICKY BEAK AT CALEB GIRDHAM'S AUTODRAFTER, YARDS AND CONTAINMENT FEEDING SET-UP
