Join us for the Hughenden BeefUp forum to hear about the latest in local and world-leading research and technologies for the northern beef industry.

The day will provide a chance to connect with community whilst sharing strategies for the coming season.

- Gain insights on improving livestock, land and business performance.
- Connect with other producers, advisors and researchers.
- Hear about how new practices and technologies are being used in your region.
- Find out about the programs, tools and resources available to you.

The BeefUp program will cover:

- Market insights and opportunities
 - Agtech snapshots
 - Grazing land management strategies – producer perspectives
 - Understanding carbon and what it means for the region
 - The latest in breeding, genetics and genomics
