

FIELD DAY

@

WILLOW POINT STN

FRIDAY 21ST APRIL

2023

9AM-3PM

FREE ENTRY

IMPROVING LIVESTOCK BUSINESSES IN WESTERN NSW

PRACTICAL OPTIONS TO INCREASE RETURNS

Goats, Shedding breeds, Merinos, Cattle

If you would like to listen to presenters in a room, then this day isn't for you. The day will be in the yards hearing, seeing and doing interesting options to improve on farm profit.

Please RSVP by 17th April 2023 for catering and directions (due to floodwaters)

FIELD DAY

Catering provided for a gold coin donation – all proceeds going to the
**Wentworth District Community Medical
Centre**

I have been lucky enough over the years involved with SALRC and other organisations to meet many researchers and practical people that have fantastic skills. These can help us become more productive and importantly profitable businesses.

- Emma Turner (Elders Mildura)– ebale, Wool Clip, LTEM and Towards 90
- Dr Sue Hatcher (Makin Outcomes) – Weaning more lambs, what to do with preg scanning results, BCS
- Tanisha Shields (Agista)– Weaner nutrition and tactical decision making
- Mary Goodacre/Jonathon Medway (CSU Southern Innovation Hub) – drench/vaccine gun that scans EID, Australian Feedbase Monitor
- LLS Vet - explaining benefits of pain relief at marking and the options
 - Wade Lewis – eNVD new app, My MLA,
- James Kerr (Paroo Pastoral) – Talking about Buckleboo Stn management strategies, CERES tags, weather forecasting
