Making compliance work for you

Demelsa Lollback, Project Manager – Adoption Integrity Systems Company

Two programs underpin food safety and traceability on-farm

Livestock management: On-farm management of food safety, animal welfare and biosecurity risks.

On-farm assurance

Livestock ID:
Tracking the
location of every
animal throughout
its life.

Property Identification Code (PIC)

Required for all livestock producing properties

LPA and NLIS recordsUnderpin food safety and traceability

LPA NVDs

Link on-farm assurance and traceability for livestock moving through the value chain
