2024 ISC STATE & TERRITORY WEBINAR SERIES - TAS

24 JULY 2024, 7.30pm (AEST)

Be prepared for the national rollout of sheep and goat electronic identification (eID).

Hosted in partnership with Integrity Systems Company (ISC) and the Tasmanian Department of Natural Resources and Environment (NRE), this webinar is designed to bring you up to speed on the latest developments in key ISC programs.

All registrants will receive a video recording, Q&A transcript and other resources.

Learn about:

- Livestock Production Assurance (LPA) and the new Harvested Rangeland Goats voluntary module.

- How to complete a Property to Property transfer on the National Livestock Identification System (NLIS).

- The latest sheep and goat eID updates for Tasmania.

Who is this webinar for?

Anyone handling livestock – farm owners, managers, overseers, hobby famers, small farmers, farm hands and agricultural teachers.

Ask a question for ISC or NRE during registration or during the webinar.

Register: integritysystems.com.au/events
