

# 2025 CN30 WORKSHOP

Wednesday 19th March 2025 with Richard Brake

## UNDERSTANDING CARBON EMISSIONS ON YOUR FARM

ASHEEP & BEEF is running a **free** half day workshop on understanding carbon emissions on your farm and how to complete an emissions calculator, delivered by Richard Brake.

- 8am Register at the Esperance Bay Yacht Club
- 8.15am Introduction - MLA CN30 target & industry drivers
- 8.30am What is an Emission profile and why do we need one?
- 10am Morning tea
- 10.30am Carbon calculators and the information required
- 11.30am How the reduce emissions on your farm
- 12.30pm Lunch with other producers in the project

### STAGE 1

- Understanding the basics
- Gather the farm's info
- Complete a calculator

### STAGE 2

- Consider emission reductions

This workshop is part of the Meat and Livestock Australia funded Producer Demonstration Site project "Carbon Neutral 2030: Getting started on Farm", a four year project concluding in 2027.
